Following the return of the students after the Deepawali break on **27th October 2025**, the main focus of the institution will be on academics only. It will be our earnest endeavour that each student emerges successful in the Annual examination by improving his performance and scoring better marks.

While at home during the Deepawali break, please ensure that your ward utilizes his time in preparing for the Annual exams. This will certainly help him in improving his performance, boosting his morale and reducing stress. Needless to say that the success of students is our greatest strength.
